## Johnson Men Do Figuring

Minneapolis, Minn., March 20.—The Minnesota Democrats who have undertaken the task of putting Governor John A. Johnson in the White House have reached that stage of their campaign where they are able to present some figures. These figures, though they may turn out to be facts, are none the less interesting. They purport to show how the first battle may be won by defeating Bryan for the nomination. After that, the Johnson sponsors assume, their task of winning the election will be comparatively easy.

They base their hope of winning the nomination upon the uninstructed delegates, and they believe that these can be swung into line for Johnson when it becomes apparent that Bryan cannot be named on the first ballot.

There will be 1,002 delegates in the convention. It is figured that the 78

delegates from New York and the 68 delegates from Pennsylvania will be uninstructed. Ohio, with 46 delegates is expected to favor Judson Harmon as against Bryan. Delaware, with 6 delegates, will be for Judge Gray, who may also have the delegates from Maryland. These States, with the 22 delegates from Minnesota for Johnson, would make a total of 226 against Bryan. Under the two-thirds rule it would be necessary to round up only 109 more delegates to prevent the nomination of the Nebraska leader and the adoption of his platform.

The Johnson supporters figure that if a few of the Southern States delegates could be switched from Bryan, or if the Northwestern States would follow the lead of Minnesota, Bryan would undoubtedly be defeated for the nomination and Johnson, as the next strongest man, would be named to head the ticket.

## RHODE ISLAND FOR BRYAN

Providence, R. I., March 20.—All arrangements have been completed for the Democratic State convention which is to assemble in this city tomorrow afternoon to select the delegates-at-large to the Denver convention. The convention, which will meet in Music hall, promises to be a large and enthusiastic gathering. Bryan sentiment will predominate in the convention. The Nebraska leader will be endorsed for the Presidency and the delegates in all probability will be instructed for him. Interest in the convention has been increased by the announcement that Senator Thomas P. Gore of Oklahoma will address the gathering.

## HARVARD'S PRESIDENT IS 74.

Boston, Mass., March 20.—President Charles W. Elliot of Harvard entered upon his seventy-fifth year today. He passed his birthday as usual among his books, busy with his duties as head of the great university, although interrupted now and then by friends who called to congratulate him. He is planning to leave shortly on an extensive trip through the Western States, in the course of which he will deliver a series of lectures at Northwestern University and speak before the Harvard alumni bodies in a number of cities.

## NO ACTION CONTEMPLATED

Two of the Railroad Commissioners So Say.

Austin, March 20.—The railroad commission does not contemplate taking any steps toward the institution of suits against the Texas and Pacific railway or any other Texas lines for failure to comply with its improvement or equipment orders, according to statements obtained from a majority of the commission.

Touching the rumored receivership of the Texas and Pacific, Commissioner Colquitt said that he would not vote on any motion or order of the commission to sue the Texas and Pacific for the appointment of a receiver or for forfeiture of its charter. He does not think that conditions justify such a step with this or any other Texas line. He declared that reports of the Texas and Pacific show that during the past six months its earnings are several hundred thousand dollars in excess of the corresponding six months previous; that the commission has not issued an order requiring additional equipment, as that company has recently purchased three millions new equipment, but order is for improvement of roadbed. Continuing, Mr. Colquitt said in his opinion that rumored receivership of Texas and Pacific is done for political effect.

Commissioner Storey said that in his opinion the commission has no power to sue a railroad for forfeiture of its charter or for the appointment of a receiver for failure to comply with its orders; that as far as the commission can go under the law would be to sue for penalties and this would not keep management of the road from applying for a receiver and placing the road in the hands of a receiver.

These two members constitute a majority of the commission, Chairman Mayfield being the other member; consequently it will be seen that no action is to be taken by the Texas commission in the premises.

## Considerable Whisky Consumed.

Denison, March 20.—The sheriff seized thirty-five cases of whisky concealed in a barn. This is the biggest confiscation since prohibition went into effect.

## Is Accepted.

Washington, March 20.—Secretary Root accepted on behalf of the American government the invitation of Japan to have battleship fleet visit that country on its returning voyage.

## All For Taft.

Silver City, N. M., March 20.—All counties have elected delegates to the Republican territorial convention and have endorsed Secretary Taft for president.

## USE POISON TO KILL GYPSIES

Vienna, March 20.—Farmers of Croatia and Hungary are reported to have adopted the remedy of scattering poison to rid themselves of a plague of gypsies. Nineteen Zingari, comprising an entire band, died suddenly near Tompokevac, Croatia, last week, after eating portions of a cow which they found dead in a forest. It was afterwards found that the body of the cow had been saturated with poison. In a neighboring district sixteen gypsies belonging to another band died after eating hares which had been poisoned by the farmers and left lying in the fields.

Both Croatia and Hungary are overrun with gypsies, who rob travelers, levy blackmail, burn lonely farmhouses, and are often accused of stealing children. The authorities have been unable to drive them from the country and imprisonment apparently has no effect on them.

## CONNECTICUT DEMOCRATS.

New Haven, Conn., March 20.—Leading Democrats of Connecticut were much in evidence in this city today. Members of the State committee and other party leaders met in informal conference to discuss arrangements for the State convention, and a meeting was held this afternoon to organize the Bryan league. For tonight a banquet and a mass meeting have been arranged, the latter to be addressed by United States Senator Gore of Oklahoma.

## ITALIAN KING MUM.

Reticent Relative to Rumors of Cousin Marrying.

Rome, March 20.—King Victor Emmanuel in conversation with members of his entourage regarding the reported engagement of Duke of Abruzzi, his cousin to Miss Katherine Elkins, daughter of Senator Elkins, neither confirmed nor denied the rumor. Duke Abruzzi exchanged cipher cablegrams with the king. The assertion that a royal marriage must take place in Italy before the president of the senate is not exactly correct. This applies to such marriages as occur in Italy, but a royal marriage may be celebrated abroad. For instance, Duke Aosta was married at Kingston, Jamaica, and in such case any Italian consul can perform the ceremony. The duke, although he is the youngest cousin of the king of Italy, is a favorite with his majesty, who is proud of the laurels reaped by his cousin in the scientific world and by his daring expeditions by land and by sea. Being a naval officer the duke is destined eventually to become supreme commander of the Italian fleet.

The fortune of Duke of Abruzzi is estimated at \$2,000,000. He has less than his brothers, owing to the fact that he has met personally the expense of his various expeditions, but there is some property yet to be divided among the brothers.

## Nothing Known at Embassy.

Washington, March 20.—Duke of Abruzzi left the Italian embassy Friday. Where he has gone or what his future plans are, none of the under-officials are willing to say. They declare they know nothing about the matter.

## USED STOVE POLISH.

Officers Notified to Look Out For a Couple of Suspects.

Muskogee, March 20.—Sheriff Ramsey was notified to arrest two men suspected of being implicated in the bank robbery at Hoffman. They were said to be between Hoffman and this place.

Cashier N. B. Davis of the bank says the robbers were evidently amateurs and that one of them was very nervous. Neither of them was masked. They were very youthful in appearance and their faces were blackened with stove polish. While one robber held up the brothers, J. E. and N. B. Davis, the other secured the money, which amounted \$1,000, \$25 of which was in silver. The silver was put in a sack and thrown over a horse's back. The robbers made good their escape before the brothers came out of their fright. The institution is solvent and business is continuing as usual.

### The Daily Eagle

Entered at the Postoffice in Bryan, Texas, as second class matter.

BY CARNES & WALLACE

#### ANNOUNCEMENTS.

The Eagle is authorized to announce the following candidates for the offices indicated subject to the Democratic Primaries:

RUFUS HARDY (Re-election).  
For Congress Sixth District:

BRYAN, TEXAS, MARCH 21, 1908.

Don't be discouraged. Nobody ever made history without getting cussed for it.

It is not creditable to anyone's own motives to suspect evil in another because he disagrees with you.

Roosevelt proposes to the negroes who shot up Brownsville that they "bow to the law and come back with clean hands."

Envy and jealousy are despicable because they are vices of little minds. Great souls are immune from their stings.

"Printer's ink has made, and unmade more men than all other agencies combined since the world began."  
—Judge John L. Ward.

If the people of Bryan would get together oftener in meetings to discuss plans for the public good they would understand one another better.

When the American fleet finishes the itinerary prescribed, returning from the east after sailing toward the west, it will have proved once more that the world is round.

A German woman scientist has gone to Java and Sumatra to hunt for the "missing link" of the Darwinian hypothesis. If the aforesaid "link" is there a woman can find it if anybody can.

The Fort Worth Star is not a bit esthetic and too ultra utilitarian. It says: "Put Texas in overalls. Eliminate the spike-tail coat of the demagogue and the mossback. Let an industrial apparel proclaim Texas."

Louis Stuyvesant Chamber's "friends" say he is a candidate for the presidential nomination and that his name will be before the Denver convention. It may take that to show him where he stands. The same may be said of Governor Johnson and Judge Gray.

FOR SALE—Friday and Saturday a complete line of Household and Kitchen furniture. Parties desiring anything in this line will do well to call on above dates.

### ELKS' PREMIER MINSTRELS.

Big Audience Enjoyed the Show Given by the Boys of the Purple and White Last Night—Street Parade was a Feature.

The splendid minstrel performance given by the Elks last night to raise funds for the great national meeting of the order in Dallas in July was one of the best amateur entertainments ever seen in Bryan and reflected credit on all those taking part, and especially the committee having the arrangements in charge. The program was spicy and varied and there was no room for a dull moment. The ladies contributed much to the success of the occasion. Mrs. T. K. Lawrence played the accompaniments.

The circle was effectively arranged with the interlocutor and a portion of the company seated on a raised platform. The Elks' colors were brought out by pretty purple and white sky lines and by handsome pennants suspended from the arch above the footlights. Of the twenty-two people in the cast the end men were black face with purple Prince Albert coats trimmed with white and with white trousers. Others wore the Elks' uniforms of white with purple sashes and the ladies white dresses with purple sashes. A brilliant garden scene formed an effective background. Splendid music, dancing and a rattling fire of jokes and local hits made the first part go with vim, while specialties and sketches further enlivened the olio, more fine music being a feature. Many of the numbers deserve especial mention, and all were excellent.

A feature not to be overlooked was the fine parade put up by the boys at 10 o'clock yesterday morning in true minstrel fashion. Trumpeters rode in advance, followed by white uniformed men, and these by silk hatted and ulstered members of the company. A fine drum corps and the brass band completed the attractive pageant.

### DUEL TO DEATH.

Bodies of Two Customs Inspectors Found Sixteen Feet Apart.

El Paso, March 20.—Charles Logan and C. E. Jones, customs inspectors, were found dead on the banks of the Rio Grande about a mile from town. The men were about sixteen feet apart and it was evidently a duel to the death. The cause of the quarrel between them is not known and probably never will be. The men had just finished eating their midnight lunch, as remnants of food show. Logan had evidently shot first and missed his man. Jones then shot Logan through the lungs, inflicting a wound which proved fatal in a few minutes. Before he died, however, he shot Jones through the heart, killing him instantly. It is alleged.

According to the Associated Press reporter at El Paso Jones and Logan were shot to death by smugglers.
